An Inconvenient Sequel

More than a decade after *An Inconvenient Truth* brought climate change into the heart of popular culture comes the riveting and rousing follow-up that shows just how close we are to a real energy revolution.

Vice President Gore travels around the world, training an army of climate champions and influencing international climate policy. Cameras follow him behind the scenes-in moments private and public, funny and poignant-as he pursues the empowering notion that while the stakes have never been higher, the perils of climate change can be overcome with human ingenuity and passion.

What once started as a profound slide show lecture has become a gorgeously cinematic excursion. Mr. Gore invites us along on an inspirational journey across the globe that delivers the tools to heal our planet.

Friday, November 10th at 7PM
Bortin Hall at MDUUC
55 Eckley Lane, Walnut Creek
