**Elianildo Nascimento**

"I met the dear Arun Gandhi at the event "III Pacificar" 2016 in Brasília. I wish that the example of Mahatma Gandhi - his steadfastness and endurance - can inspire our people in the face of a time when we are being victims of forces based on exploitation, injustice and violence like the India of that time"

**Marianne Horling**

Global Council Trustee - Europe - Germany

"At the moment I'm reading his book „The gift of anger“. I'm very thankful, that he gives once more attention to his grandfather in these turbulent times. We need it more than ever..."

**Monica Willard**

URI Representative to the United Nations

"I worked with Arun at the beginning of the Season for Nonviolence. He came as a speaker to the UN event a few times and later his daughter was a speaker. It was such a joy to have him involved since it was called the Gandhi-King Season for Nonviolence and it is still an annual event that runs from Jan 30 - April 4."

**Enoé Texier**

Regional Coordinator for URI in Latin America and the Caribbean (Venezuela)

"I am very close to Veronica Rodriguez de Gुरुceaga Director of Mahatma Gandhi Foundation Chapter Venezuela. I met Tushar at the For non Violence Forum organized by Metropolitan University in Caracas on October 2016 where I was one of the speakers. We did with him several activities in different poor communities and we opened the Diplomat in Gandhi Learnings for Peace which is being successful. God bless Arun, Tushar and Gandhi family for their contribution to build the Culture of Peace in the humanity".
