Dear Ambassador Mussie Hailu

Following our meeting in my office I am writing this letter to official invite you to be one of the guest speakers at the grand event hosted by Unity of Washington DC on the theme of “STAND UP FOR HUMANITY” to be held on August 10, 2019 at the Lincoln Memorial Reflecting pool with the motto One Person Can Make A Difference!. The event will gather more than 1000 people and will feature dynamic speakers including you.

As I informed you the mission of Stand Up For Humanity is to create a global effort to raise the collective consciousness by honoring and taking a stand for all people. To come together to pray, meditate and illuminate our love for each other based on the Golden Rule and to stand together and commit to transformed self and the world.

Stand Up For Humanity is a movement is a movement promoting and supporting a world that works for all. It is about embracing those qualities that serve the Highest and Best of our Humanity. We are here to help each other connect and act from our universal and common good; and to raise the consciousness and vibration on the planet, and within our nation, to one of inclusion, peace, and harmony. And to motivate people in demonstrating that even one small act taken by an individual can make a difference and contribute to the positive uplifting og humanity.

I take this opportunity to express our appreciation for work of United Religions Initiative in prompting interfaith harmony, peaceful coexistence, social justice and healing in the world. Your active participation in this event will foster the working partnership between Unity of Washington DC and URI.

I also take this opportunity to thank you for your tireless effort in promoting peaceful co-existence, mutual respect, interfaith harmony, understanding and human dignity and to avoid hate speech through the teaching of the Golden Rule “Teart others the way you want to be treated”.
