to the HIV Interfaith Conference

RESILIENCE + RENEWAL

FAITH IN THE HIV RESPONSE

that will take place virtually on
22-23-24 September 2020.

RESILIENCE + RENEWAL will provide a space for sharing, capacity building and advocacy among people of faith involved in HIV and AIDS. It will be an opportunity to celebrate and get inspired by the many resilient people engaged in the HIV response; and an occasion to recommit faith leaders and communities in the comprehensive response to HIV.

RESILIENCE + RENEWAL will create a space for dialogue and an opportunity to identify joint actions to address some of the challenges and emerging issues to the achievements of the 2020 and 2030 HIV-related targets.

The event is organized by several faith groups' representatives around the world and people living with HIV through the support of the UNAIDS-PEPFAR Faith Initiative.

Registration and Participation are free of charge.
